About Intapp

Intapp provides the connected firm cloud for professional and financial services, powering the world's largest legal, accounting, private capital, investment banking, and consulting firms. We offer intelligent solutions built for the unique needs of partner-led firms, spanning the entire client and deal lifecycle, from strategy through origination and execution. Headquartered in Silicon Valley, we serve more than 1,600 firms worldwide, including 96 of the Global 100 law firms, all four of the Big 4 accounting firms, and more than 900 capital markets and financial advisory firms. Intapp technology has transformed these industries, helping our clients move to a connected firm strategy that supports agility in today's competitive marketplace. Intapp is backed by Temasek and Great Hill Partners.
